

## **FREEDOM BESPOKE WALL-MOUNTED CONVECTOR**

### **PROJECTS (ART)**

#### **About Freedom Industry:**

Founded in 1999, with more than 150 employees, over 60 technician staffs and a professional engineering team, we're the leading and the largest China-based company to focus exclusively on the sales, production and development of bespoke build in floor convector, bespoke build on floor convector, bespoke wall convector and LST convector (with fan). It's our strength for standard and bespoke units and turnkey HVAC solution.

#### **What we can do:**

The convector is an excellent solution and evenly-distributed that can be used as primary and secondary heating, cooling and fresh air system for a comfortable room climate from floor duct or windowsill. Additionally, the convector can screen the falling cold air and prevent condensation in rooms where there're large area of glass, mainly for residential, commercial and industrial applications.
